

# 2024 ANNUAL REPORT

January 1 - December 31, 2024

Our mission is to provide free, easy-access, non-judgmental, charitable medical, dental, vision, and mental health care to the underserved. Everything we do is provided 100% free to everyone who comes seeking care from us!

## Success Story

At our annual Health Screenings Day in October, **we provided free blood work, immunizations, cancer screenings, and more to over 110 patients**, including a total of 194 vaccines given. One patient was found on his lab work to have both hepatitis C and diabetes. We were able to refer him to a specialty clinic to treat his hepatitis C, and have provided education and free medications to help manage his new diagnosis of diabetes.

*"The Seager Clinic has literally **saved my life.**"*
